ONE WAY ACCESS SPIKES

- Designed to be extremely strong construction
- Unique Enforcer Group design
- Most durable Road spikes on the market
- Fixing Bolts Included (concrete or asphalt)
- Upto 60 Ton load rating
- Installation Service is available

Enforcer One Way Access Road Spikes is a solution for creating a simple, mechanical one-way barrier and does not require an electrical infrastructure such as barriers or even gates, recommended using on flat surfaces.

When a vehicle approaches from the correct direction the spikes simply retract, allowing the vehicle to pass freely. When approached from an unauthorized direction, the spikes lock up denying access and risking almost certain tyre damage.

Designed to be extremely strong construction, Unique Enforcer Group design, comes in a 5mm thick plate with a load rating upto 60 tonne to withstand cars and trucks.

Suited for exits and entrances to car parks, factories, and everywhere that is demanded a one-way direction.

Product Code: 1WS-1Mtr

Length: 1000mm

Height: 50mm

Width: 385mm

Weight: 26Kg(ends 4.2kg)

End Cap Width: 270mm

Plate Thickness: 5mm

Colours: High visibility orange finish

Fixing: 6 fixings each section. 14mm Hilti plug with a 100mm coach Screw and 12mm Washer.

Strong & Durable

Easy Installation
