

Anti Slip Tape White (18 Metre)

AST-W

Description

Enforcer’s Anti Slip Tape - Black is the perfect solution for increasing the safety and traction of any surface. Made of durable and long-lasting materials, this tape is designed to withstand heavy foot traffic and outdoor elements. The black colour provides a sleek and professional appearance, making it ideal for use in commercial and industrial settings.

The strong adhesive backing ensures that the tape stays in place, providing reliable slip resistance. This tape is easy to install and can be cut to any desired length. It can be applied to indoor and outdoor surfaces, such as stairs, ramps, and ladders.

This anti-slip tape is a cost-effective way to improve safety and reduce the risk of slip and fall accidents.

Features

- High-traction anti-slip surface improves pedestrian safety.
- Durable construction for indoor and outdoor applications.
- Strong adhesive backing for secure, long-lasting adhesion.
- Easy to cut, apply, and install on stairs, ramps, walkways.
