

In Ground Bollard 140mm Hot Dipped Galvanised

B140-IG-Gal

Description

Enforcers 140mm Hot Dipped Galvanised Bollard is a reliable in ground bollard that is essential for your safety and traffic control needs.

Made from 100% recyclable steel pipe and hot dipped galvanised steel, it resists rust and corrosion. The Class 1 reflective red band is eye catching and increases visibility in lowlight, perfect for nighttime event venues and shopping centres. The in ground design also adds to a seamless appearance.

Features

- Manufactured from hot dipped galvanised steel pipe.
- Strong metal bollard dome cap.
- Class 1 red reflective tape.
