

Bollard Removable KeyLock 140mm In Ground - Galvanised

B140-IG-REM-KL-G

Description

Enforcers Bollard Removable Key Lock 140mm In Ground Galvanised allows you to conveniently install and relocate your bollard as you need. Perfect for creating a perimeter around a valuable asset that may need to be moved, or in front of a factory driveway to prevent unauthorised entry. Simply install by sliding the bollard and locking into the sleeve with the keys provided. Removal is as easy as unlocking and using the handled top cap to relocate your bollard.

Made from recyclable steel pipe with a galvanised steel finish to protect against corrosion, this bollard also features an eye-catching class 1 red luminous band that ensures your bollard is seen.

Features

- Manufactured from heavy duty Steel pipe.
- Withstands from heavy cars, trucks, and forklifts.
- Designed in Australia for Australian conditions.
- Comes with a sleeve which you can simply lock in, 2 keys included (keyed alike)
