

Bollard Removable Padlock 140mm In Ground - Galvanised

B140-IG-REM-PL-G

Description

Enforcers Bollard Removable Padlock 140mm In Ground Galvanised allows you to conveniently remove your bollard when you need access. This innovative bollard is perfect for those who need an extra safety solution at a factory driveway or loading dock. Simply install by sliding the bollard and locking into the sleeve with a padlock, and easily remove it with the handled cap when you need to allow access again.

Made from recyclable steel pipe with a galvanised steel finish to protect against corrosion, this bollard also features an eye-catching class 1 red luminous band that ensures your bollard is seen.

Features

- Manufactured from heavy duty Steel pipe.
- Withstands from heavy cars, trucks, and forklifts.
- Designed in Australia for Australian conditions.
- Comes with a shoe which is locked to bollard with padlock.
