

Bollard 165mm In Ground Hot Dipped - Galvanised

B165-IG-Gal

Description

Mark your boundaries with the Bollard 165mm In Ground Hot Dipped Galvanised. Enforcers bollards have numerous uses including to define clear passageways, slow traffic and block vehicle entrance to protect buildings, assets and pedestrians.

The steel pipe bollard is hot dipped galvanised and finished in silver galvanised for corrosion resistance. A class 1 red reflective band ensures your bollard will be seen in all conditions, ensuring safety and protection around your business, home or facility.

Features

- Manufactured from hot dipped galvanised steel pipe.
- Strong metal bollard dome cap.
- Class 1 red reflective tape.
