

Bollard 165mm Surface Mounted Hot Dipped - Galvanised

B165-SM-Gal

Description

Designed with strength in mind, Enforcers Bollard 165mm Surface Mounted Hot Dipped Galvanised is a robust safety solution that also offers a professional and sleek appearance thanks to the silver galvanised finish. It can be used to guide traffic, create safe boundaries around assets and protect buildings, entrances and other assets.

Made from hot-dipped galvanised steel pipe, our 165mm bollard is built for reliable outdoor use. It resists corrosion and weather damage while the class 1 reflective red band ensures the bollard is easily seen in poor lighting.

Features

- Made from hot-dipped galvanised steel pipe.
- 165mm bollard is built for reliable outdoor use.
- Create safe boundaries around assets and protect buildings.
