

Bollard 168mm In Ground - Stainless Steel 304

B168-IG-SS304

Description

For sites that need high-end asset protection, Enforcers Bollard 168mm In Ground Stainless-Steel 304 is strong and durable as well as modern.

Constructed from silver grade 304 stainless-steel and finished in a high-end brushed stainless-steel finish, this bollard is designed to resist rusting and corrosion. Meeting modern design standards, it suits luxury retail, offices and other sites where the standard conventional safety bollard wont meet expectations.

Features

- Made of high-quality stainless steel, rust and corrosion resistant.
- 168mm diameter, In-ground installation, provides physical barrier for protection.
- Sleek and modern design.
- Long-lasting protection.
