

# Bollard 90mm In Ground Bevelled Top - Stainless Steel

## B90-IG-BT-SS304

### Description

Enforcer Bollard 90mm In Ground Bevelled Top Stainless Steel is a complete safety solution that is equal amounts strong and stylish.

Made from silver grade 304 stainless-steel with an architectural bevelled top cap and a high-end brushed stainless-steel finish, it is a premium bollard often placed around luxury retail, museums, schools and other locations where a refined look and feel is required. The stainless-steel construction also makes them a practical bollard solution around coastal areas where weather and salt may corrode other materials.

### Features

- Manufactured from heavy duty steel pipe.
- Silver brushed grade 304 stainless steel.
- Designed in Australia for Australian conditions.
