SURFACE MOUNTED BOLLARD 90MM HOT DIPPED GALVANISED - BLACK

- Manufactured from heavy-duty steel pipe
- Hot dipped galvanised steel for rust prevention
- Lightweight easy to install by one person
- Designed in Australia for Australian conditions
- Installation Service is available

Enforcer Steel Bollards are manufactured from 100% recyclable, environmentally-friendly steel material and are built to survive the extreme Australian weather.

The Bollard 90mm Surface Mounted Black is made of hot-dipped galvanised steel for improved rust prevention and have a black powder coating on top. For optimal visibility, it also has a Class 1 red luminous band.

Enforcer Steel Bollards are simple to install or relocate as needed, whether you need protection for your warehouse, car park, driveway, or even machinery. They are the best option for any place with a lot of traffic because they are especially made to endure the impact of cars, trucks, and forklifts. They can also be installed in concrete for added strength and durability.

Choose Enforcer Steel Bollards for a reliable and long-lasting protection solution.
