

Bollard Surface Mounted Removable KeyLock - Stainless Steel 316 Grade

B90-SM-REM-KL-SS316

Description

Enforcers Bollard Surface Mounted Removable Key Lock Stainless Steel 316 Grade is a premium bollard that mixes high-end looks with strength and durability. Simply secure the shoe to your concrete surface via the 4 mounting holes, and then lock the bollard on top with the provided keys. Removal is as easy as unlocking with the keys and moving your bollard.

Youll never worry about corrosion as this bollard is made from recyclable steel pipe with a premium architectural brushed stainless-steel finish. The bollard suits professional and corporate offices, luxury retail and other sites where a refined bollard is required.

Features

- Manufactured from heavy duty Steel pipe.
- Withstands from heavy cars,trucks,and forklifts.
- Designed inn Australia for Australian conditions.
- Comes with a sleeve which you can simply lock in, 2 keys included (keyed alike).
