

Bollard Surface Mounted 90mm White

B90-SM-W

Description

Enforcer’s Surface Mounted Bollard 90mm White is a versatile safety solution for diverse applications. Made from hot-dipped galvanised steel pipe, the 63mm bollard performs both indoors and outdoors.

The high-quality finish and construction materials ensures it resists corrosion and weather damage, while the class 1 reflective red band maximises visibility in low light and poor weather. The base plate is fully welded to ensure your bollard remains stable and secure and the robust metal bollard dome cap.

It can be used to slow down and regulate car park traffic, create safe boundaries around assets like solar batteries, EV chargers, protect buildings, entrances and other assets.

Features

- Manufactured from heavy duty steel pipe.
- Powder coated white finish.
- Light weight easy to install by one person.
- Designed in Austraila for Australian conditions.
