

Heavy Duty Breakaway Bollard – 220mm 2 Part Yellow

BB220-IG-YG

Description

The Enforcer Heavy Duty Breakaway Bollard - 220mm 2 part Yellow, is engineered for high-traffic areas where vehicle impact protection and fast replacement are critical.

Manufactured from hot-dip galvanised steel for corrosion resistance, the two-part breakaway design allows the upper section to detach on impact, helping reduce damage to the base and minimise downtime. Finished in high-visibility yellow powder coat with a 25mm red reflective band for clear visibility in day and night conditions.

The reusable base and replaceable top section provide a practical, cost-effective solution for warehouses, loading zones, and commercial vehicle access points.

Features

- Breakaway design reduces damage on impact.
- Replaceable top section lowers downtime and replacement cost.
- Hot-dip galvanised steel for long-term durability.
- High-visibility finish for safer day and night use.

Specifications

SKU	BB220-IG-YG
