

Bollard Base Cover For 140mm SS Bollards - Stainless Steel 304

BBC-250-SS304

Description

Enforcer Bollard Base Cover for 140mm Stainless Steel Bollards Stainless Steel 304 is a high-quality base cover designed to protect your bollard in style. They can also be used to hide imperfections in your bollard base or concrete, and to create a point of visual appeal at your facility or worksite. The stainless-steel finish creates a high-end look suitable for luxury shopping, school carparks and workplaces.

Bollard base covers have a range of benefits. Bollard bases can have protruding parts that create an uneven surface. Using a bollard base cover increases the safety of your bollard by covering uneven bollard bases and creating a smooth flat surface.
