

Kerb Ramp Rubber Black - 100mm High

BKR-100

Description

Enforcer Black Kerb Ramp Middle 100mm High allows you to safely manoeuvre over uneven surfaces and kerbs without damaging property or risking injury. It can be used by pedestrians, cyclists, or staff moving wheelbarrows, forklifts and trolleys. It is also strong enough to support cars and trucks. Perfect for use around worksites, carparks, hospitals and aged care facilities, or for delivery or maintenance staff to store in their van and use when required.

Made from strong recycled rubber, the kerb ramp absorbs shock and has a durable anti-slip surface. It can be safely used to transport wheeled equipment like lawnmowers, trolleys as well as machinery like forklifts even in wet conditions.

Features

- Made of recycled rubber.
- Anti-slip design that absorb shock.
- Easy to maintain and is portable.
- Can be used in both commercial and domestic settings.
