KERB RAMP RUBBER BLACK - 150MM HIGH

- Made of recycled rubber
- Anti-slip design that absorb shock
- Easy to maintain and is portable
- Can be used in both commercial and domestic settings

Improve workplace safety with the Enforcer Group Kerb Ramp Rubber Black - 150mm High.

The ramp is made from 100% recycled rubber. It's eco-friendly and very durable. It can hold the weight of forklifts and trucks. This ensures a safe workplace. Its design is anti-slip and it absorbs shock. You can trust it to keep your goods safe.

The kerb ramp has anti-skid grooves. They give better traction for vehicles and equipment with wheels. You may need a temporary or permanent solution, this versatile ramp can be secured with bolts or screws. Plus, you can easily join multiple ramps to create longer access ramps as needed.

The ramps weigh just 14kg. They are portable and can be stored in the back of your truck or car. They offer protection to low-profile vehicles, preventing tire and rim damage.
