

# Bike Rack Stainless Steel In Ground Hoop 316 Grade - City of Melbourne Design

BR-IG-SS316-MC

## Description

Enforcer Bike Rack Stainless Steel In Ground Hoop 316 Grade City of Melbourne Design allows you to provide safe and reliable bicycle parking to your facilities staff and visitors. The hoop design makes it the perfect bike parking solution in small areas and the highly polished stainless-steel finish looks professional in any environment.

Made durable and hardwearing to perform in Australian weather conditions, these bike racks are perfect for indoor or outdoor use and can be installed in carparks, offices, warehouses, storage rooms, around schools and community facilities, retail areas and any other site where cyclists may require convenient parking. They can be lined up for busier areas to accommodate more bicycles.

## Features

- Manufactured from heavy-duty steel pipe.
- Silver brushed grade 316 stainless steel.
- Suitable for public and private areas.
- Designed in Australia for Australian Conditions.
