

Bike Rack Narrow Hoop Surface Mounted - Stainless Steel 316 Grade

BR-N-SM-SS316

Description

The Enforcer Narrow Hoop Surface-Mounted Bike Rack (Marine-Grade 316 Stainless Steel) offers unmatched corrosion resistance and premium durability, making it the ideal choice for coastal, marine, or highly aggressive industrial environments. Expertly crafted from marine-grade 316 stainless steel tubing with a robust 3mm wall thickness, this bike rack provides superior longevity, resisting pitting, staining, and degradation from salt exposure. The premium polished finish delivers a sophisticated modern aesthetic, perfectly complementing luxury urban projects and waterfront developments. Featuring heavy-duty base plates with precision triple-anchor mounting points, this bike rack ensures secure, stable, and lasting installation in demanding public spaces.

Features

- Engineered from Ø48mm diameter, 3mm-thick marine-grade 316 stainless steel for maximum corrosion resistance.
- High-quality polished surface offers a sleek, contemporary appearance and enhancing architectural aesthetics.
- Specifically designed for resilience against pitting, staining, and corrosion in high-salinity, chloride-exposed, or harsh marine environments.

Specifications

SKU	BR-N-SM-SS316
Diameter	48 mm
Wall Thickness	3 mm
Width	350 mm
Height	800 mm
Base	ø140 x T8 mm
Colour	Silver
Material	Stainless steel 304
Warranty	12 months
