BIKE RACK GALVANISED SURFACE MOUNTED HOOP

- Manufactured from heavy duty steel pipe
- Suitable for public and private areas
- Designed in Australia for Australian conditions
- Weatherproof, safe and secure.
- Installation service is available

Manufactured from heavy duty steel pipe. Designed in Australia for Australian conditions, for indoor or outdoor use.

Enforcer Groups bike racks are built to last. They are weatherproof, safe and secure. The absence of designated bike parking can create issues that may discourage cyclists from visiting in the future. Offering a safe, secure, accessible and easy-to-use bike parking solution to cyclists will ensure a bike friendly environment. More parking space for bikes - more customers coming in.

Suited to use in indoor or outdoor car parks, like shopping centres or libraries, it can be used in public and private areas for bike parking.
