

Bike Rack Surface Mounted Hoop - Galvanised Black

BR-SM-GB

Description

Enforcer Bike Rack Galvanised Black Surface Mounted Hoop is made of galvanised steel and powder coated in black, this bicycle rail is made to last. The simple and discrete hoop design provides a secure place for your staff, visitors and customers to park their bikes. These bike racks are a bicycle parking solution for small spaces and can be installed around gyms, retail areas, office precincts and all other venues to cater to a growing group who cycle and require bike parking facilities. The solid construction and finish ensure it will last outdoors as it resists rust and corrosion.

Features

- Manufactured from heavy-duty steel pipe and finished in powder coated black.
- Suitable for public and private areas.
- Designed in Australia for Australian Conditions.
