

Surface Mounted Bike Rack - P Style Small

BR-SM-P-S

Description

The Enforcer Surface-Mounted “P” Style Bike Rack (Small) offers practical, secure bike storage specially designed for tight or limited spaces. With its robust, hot-dipped galvanised finish, this compact bike rack guarantees superior durability and resistance against corrosion, suitable for both indoor and outdoor environments. A soft, protective sponge sleeve (560mm) prevents bicycle frame damage, ensuring cyclists can safely store their bikes without concern. Its space-saving design is perfect for workplaces, retail precincts, and public spaces, maximising area usage and enhancing both worker safety and asset protection.

Features

- Compact 700mm length perfect for tight spaces.
- Hot-dipped galvanised finish for enhanced durability.
- Sponge sleeve (560mm) for bicycle protection.
- Space-saving design for public and workplace safety.
