

Bollard Rectangle Parking - Keylock

Bparking-R-KL

Description

For when you need to deter illegal parking or temporarily block entranceways and loading docks, Enforcers Rectangle Bollard Parking Keylock allows you to stop illegal parking and section carparks. They may also be used upright in front of busy driveways and loading zones to deter parking, and then conveniently folded down to allow access.

Made from 100% recyclable steel pipe and hot dipped galvanised, Enforcer bollards resist rust and corrosion. The eye-catching safety yellow powder coating and red luminous band ensures your bollard will be seen.

Features

- Manufactured from heavy duty steel pipe.
- Light weight easy to install by one person.
- Designed in Austraila for Australian conditions.
- 2 keys included (keyed alike).
