

Bollard Parking Automatic Remote Control

Bparking-Remote

Description

Enforcers Bollard Parking Automatic Remote Control is a discrete and effective solution to illegal parking. Small yet strong and durable, this parking bollard gives you control to ensure no one parks without permission. The two included remote controls mean you can lower the bollard from the safety of your car, no more needed to stop, jump out and adjust the bollard when you need to park.

Hot dipped galvanised to withstand Australian weather conditions and powder coated in a bright safety yellow, this small bollard will be seen

Features

- Two (2) x Remote, Two (2) x Keys, Four (4) x D Batteries.
- Manufactured from Heavy-Duty Steel Pipe, Hot Dipped Galvanised Steel for Rust Prevention.
- Prevents your parking spot from being taken by illegal parkers.
- Lightweight Easy to Install by One Person.
