

Corner Guards - Galvanised 80x80mm 1 Metre Long

CG-80-G

Description

Enforcer Corner Guards Galvanised 80x80mm 1 Metre Long is a strong and durable solution used to protect corners against accidents and wear and tear. Perfect businesses and facilities needing to ensure their car park and buildings look professional and well maintained.

Crafted from galvanised steel, our corner guards resist weather damage and can be used indoors and outdoors reliably. They are designed to protect your corners from costly impacts and scrapes from vehicles and machinery. They are 1 metre long and cover 80mm on each side for maximum protection of your corners and walls.

Features

- Made of high-quality galvanised steel for durability and longevity.
- 1 Metre long, suitable for a wide range of applications.
- Easy to install and maintain.
- Protects corners and edges in high-traffic areas.
