**Width:** 300mm

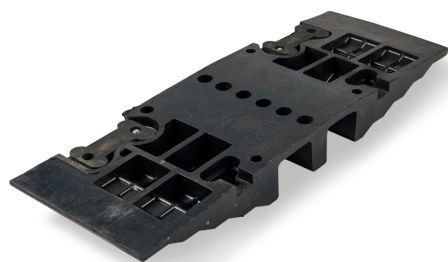

**Height:** 90mm

**Weight:** 12kg

**Cable Size:** 90mmx70mm

**Fixings:** Interlocking modules, no fixings required

**Finish:** Black with high-visibility yellow reflectors

## HEAVY DUTY CABLE & HOSE RAMP - 2 CHANNEL

- Suitable for medium to heavy-duty vehicles
- 2x large channels for hoses and electric conduits
- Interlocks to each other to provide the required length
- Features yellow high visibility strips
- Suitable for both indoor and outdoor use

The Heavy Duty Cable & Hose Ramp – 2 Channel is built from environmentally friendly but extremely tough and durable new and recyclable rubber.

The hose ramp secures and protects large hoses, like fire hoses and other types of electrical cables and wires are free from damage caused by heavy duty vehicles as well as high pedestrian traffic.

The product also prevents accidents due to tripping of pedestrians on wires and cables. Equipped with high visibility, reflective strips, it ensures pedestrians are made aware of possible hazards. The product can be installed both indoors and outdoors. It is perfect for driveways, pathways, and parking areas of various facilities like construction and industrial sites.

The product's interlocking modules make it possible to quickly and simply attach one module to another. This makes it easy to extend product length depending on your needs.
