

Convex Mirror Orange - 600mm

CM-600

Description

Reduce costly accidents around blind spots with Enforcer Convex Mirror 600mm with mounting bracket. Increasing visibility will also increase safety around your facility. Perfect for use in all industries including warehousing, mining, transport, retail and manufacturing as well as private use to increase vision around driveways and exits.

By creating a wider field of vision, convex mirrors help to eliminate blind spots and reduce accidents. Enforcer convex mirrors are high quality and produce clear and crisp images. Perfect for hazardous corners to enable vehicles and pedestrians to see each other coming.

Features

- Manufactured from tough polycarbonate.
- High impact safety orange visor to reduce sun glare.
- Designed for indoor or outdoor.
- Mounting bracket included.
