

Intercom Bollard Post - Yellow

CRB-100-Y

Description

Enforcers Intercom Bollard Post Yellow allows authorised personnel access to a secure space while keeping unauthorised vehicles out. It can be used in commercial, industrial and residential settings. The hooded head can fit a range of card readers.

The Intercom Bollard Post Yellow is made from hot dipped galvanised steel pipe and powder coated a highly visible safety yellow for rust resistance and safety. The fully welded base plate ensures your bollard is safe and secure once attached to a concrete surface.

Features

- Made of high-quality steel for durability and longevity.
- Bright yellow color for high visibility and easy recognition.
- Card reader allows authorized personal to easily access the restricted area.
- Essential for facilities that require controlled access.
