

Intercom Bollard Card Reader Head Medium - Yellow

CRB-H-M-Y

Description

The Enforcer Medium Intercom Bollard Card Reader Head (Yellow) offers a durable and secure housing for mid-sized access control devices, including keypads and proximity readers. Made from 3mm hot-dip galvanised steel with a yellow powder-coated finish, it provides strength, weather resistance, and visibility. Featuring a recessed mounting space (150mm x 110mm), it ensures compatibility with standard equipment. Ideal for bollards, pedestals, and custom mounting posts in commercial, industrial, and high-traffic security areas.

Features

- Reliable performance in all weather conditions.
- Compact & versatile housing.
- Heavy-duty steel construction with hot-dip galvanised (HDG) finish.
- High-visible powder-coated safety yellow finish.
