

Intercom Bollard Card Reader Head Small - Yellow

CRB-H-S-Y

Description

The Enforcer Small Intercom Bollard Card Reader Head (Yellow) provides a compact, secure housing for card readers, keypads, and small intercom units. Made from 3mm hot-dip galvanised steel with a durable yellow powder-coated finish, it ensures strength, visibility, and corrosion resistance. Designed for easy mounting on bollards, pedestals, or walls, it's ideal for commercial, industrial, and high-traffic security applications.

Features

- Reliable performance in all weather conditions.
- Compact & versatile housing.
- Heavy-duty steel construction with hot-dip galvanised (HDG) finish.
- High-visible powder-coated safety yellow finish.
