

Intercom Bollard Post Dual Card Reader In-Ground - Yellow

CRB-IG-D-Y

Description

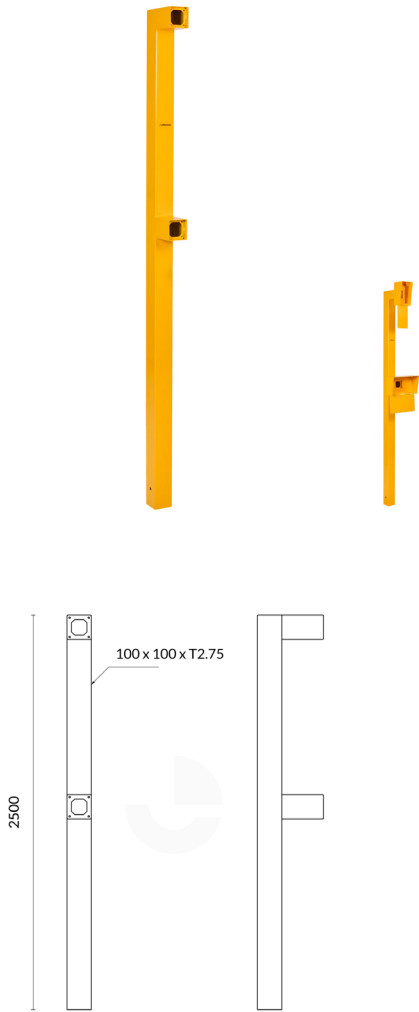

The Enforcer Intercom Bollard Post Dual Card Reader In-Ground (Yellow) offers a secure, high-visibility access control solution for commercial, industrial, and public spaces. Designed for in-ground installation, it features dual-height mounts for intercoms, card readers, keypads, or cameras, ensuring accessibility for both vehicles and pedestrians. Built from heavy-duty steel with a durable powder-coated finish, it provides impact protection, corrosion resistance, and internal cable management for secure, tamper-resistant installations in high-traffic areas.

Features

- Dual-height device mounting.
- Heavy-duty steel construction with hot-dip galvanised (HDG) finish.
- High-visible powder-coated safety yellow finish.
- Concealed cable management.
- Built to resist vandalism and withstand incidental contact.
