

Intercom Bollard Post - Single Card Reader - In-Ground - Yellow

CRB-IG-S-Y

Description

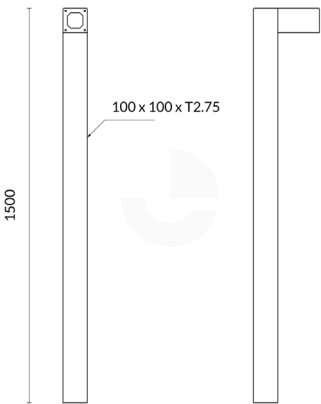

The Enforcer Intercom Bollard Post Single Card Reader In-Ground (Yellow) is a secure, stable, and highly visible access control solution for permanent concrete or ground installation. Its low-profile design supports intercoms, card readers, keypads, or security cameras at an optimal height for vehicles and pedestrians. Made from high-strength steel with a durable powder-coated yellow finish, it offers excellent visibility, impact resistance, and long-term durability. Internal cable management protects wiring, making it ideal for car parks, warehouses, gated communities, and high-traffic entry points.

Features

- Heavy-duty steel construction with hot-dip galvanised (HDG) finish.
- High-visible powder-coated safety yellow finish.
- Concealed cable management.
- Heavy-duty design deters tampering, resists vandalism, and withstands impacts.
