

Cable Protector Drop Over - 2 Channel Black

DO2CCP-RB

Description

The Cable Protector Drop Over 2 Channel Black offers continuous absolute protection for your cables, cords, wires, and hoses. The cable shield is composed of extremely tough and durable rubber that is free from corrosion and can withstand impact of small to medium vehicle, cart, trolley, and foot traffic. This can prevent damage caused to electrical cables and wires from moving objects like carts, people, and light vehicle traffic. It can shield electrical lines from environmental dangers as well.

The product also prevents accidents due to tripping of pedestrians on wires and cables. The product has a flat top surface. Even though it is superior in toughness, it is not heavy and can be readily moved by one person without difficulty.

Features

- Manufactured from durable, thick rubber.
- Continuously provides protection for both cables and wires.
- Interlocking modules make it easy to attach one module to another and allows for installation of preferred length.
- Can accommodate different types of cables and wires.
