

Cable Protector Drop Over Plastic - Black

DOCP-PB

Description

Enforcer Drop Over Cable Protector Plastic Black allows you to protect your cables from damage and reduce the risk of accidents from cable trips. The interlocking design makes for efficient installation, and you can line them up securely to suit your required length. Perfect for use around worksites and other high traffic areas where cables are also required.

Crafted from strong low-density polyethylene to withstand frequent traffic. The safety black colourway raises awareness which can reduce accidents. It features a patterned surface to ensure safety even in wet conditions. The cable channel is 100mm x 25mm to accommodate various cable sizes.

Features

- Manufactured from durable LDPE.
- Provides protection for both cables and wires.
- Interlocking modules make it easy to attach one module to another and allows for installation of preferred length.
