

# 80KM Speed Limit Sign 600x600 (Corflute)

## ECT284-26H

### Description

Enforcer 80km Speed Limit Sign 600x600 Corflute is a highly durable, lightweight and portable road speed limit sign. Suited for areas where a 80km speed limit is required, this corflute sign is designed for easy recognition by motorists. It is suitable for use by construction companies, councils, and other public facilities where the safety of drivers and traffic management is a priority.

Crafted from durable corflute, it features a prominent design that features the number 80 on a white background encircled in red. The clear signage ensures drivers can quickly recognise the speed limit and drive accordingly. Corflute is extremely durable.
