

Trolley Bay Double Surface Mounted

ER-TB-D-SM

Description

The Enforcer Rail Trolley Bay Surface Mounted - Double offers a reliable, high-capacity solution for organising shopping trolleys in busy commercial and retail environments. Designed with two parallel bays, it allows for efficient trolley management while maintaining clear and safe pedestrian access. Constructed from durable steel tubing, this system is built to withstand frequent use and harsh conditions.

Features

- Dual-lane configuration for greater trolley capacity.
- Built with industrial-grade galvanised steel.
- Rounded edges and smooth rail finishes.
- Surface-mounted for fast installation.
- Available in Galvanised or Yellow Powder-Coated finish.
- Suitable for indoor and outdoor use.
- Low-maintenance and rust-resistant.

Specifications

SKU	ER-TB-D-SM
