

Trolley Bay Triple Surface Mounted

ER-TB-T-SM

Description

The Enforcer Rail Trolley Bay Surface Mounted - Triple is the ideal solution for high-traffic retail and commercial sites requiring maximum trolley storage. With three parallel bays, it efficiently manages large volumes of trolleys while maintaining site organisation and safety. Manufactured from robust steel tubing, this system is designed to perform in demanding indoor or outdoor environments..

Features

- Triple-lane layout for maximum trolley capacity.
- Built with industrial-grade galvanised steel.
- Rounded edges and smooth rail finishes.
- Surface-mounted for fast installation.
- Available in Galvanised or Yellow Powder-Coated finish.
- Suitable for indoor and outdoor use.
- Low-maintenance and rust-resistant.

Specifications

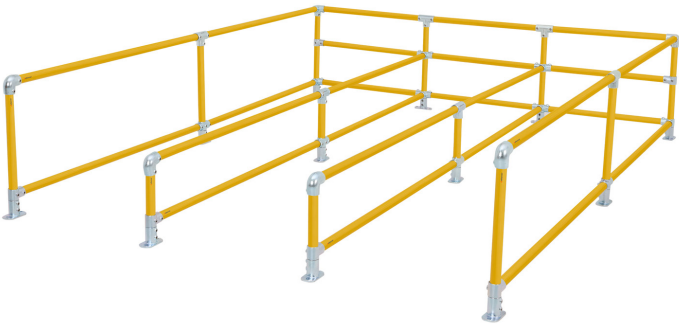

SKU	ER-TB-T-SM
