Product Spec Sheet

Short Tee

ER101

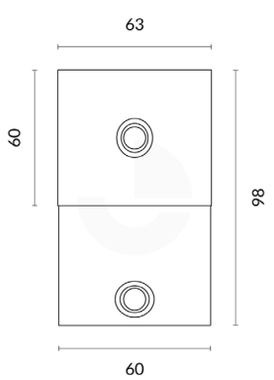

Description

The Enforcer Short Tee is a heavy-duty rail fitting designed to create secure T-shaped connections within modular Enforcer Rail systems. Engineered to provide a strong and stable junction between horizontal rail sections, this fitting allows rail configurations to be easily adapted to suit different site layouts. Its practical design makes it ideal for creating robust handrail, barrier and protection systems across industrial and commercial environments.

Features

- Heavy-duty construction for commercial and industrial environments.
- Short Tee design for secure 90-degree T-shaped rail connections.
- Compatible with Enforcer Rail components and modular fittings.
- Modular design for flexible rail configurations and system expansion.
- Supports stable alignment and connection between rail sections.

Specifications

SKU	ER101
Length	63mm
Width	60 mm
Height	98 mm
Thickness	5 mm
Weight	0.5 kg
Material	Hot Dipped Galvanised Steel
Warranty	12 Months
