

Hand Rail Bracket

ER143

Description

The Hand Rail Bracket for Enforcer Rail is designed to provide a strong and reliable support point for handrail systems in commercial, industrial, and public environments. Engineered for durability and stability, this bracket securely fixes handrails to posts or structural supports, ensuring safe and compliant installations. Ideal for pedestrian safety, accessibility, and asset protection applications, it offers a professional finish while delivering long-lasting performance.

Features

- Manufactured from heavy-duty steel for superior strength and durability.
- Provides secure support for handrails in commercial and industrial application.
- Ideal for accessibility handrails, pedestrian barriers, and safety rail systems.
- Corrosion-resistant galvanised finish for indoor and outdoor use.
