

Right Lane Must Turn Right Sign (450mm x 750mm, Aluminium)

ER2-9ARH

Description

Ensure you point motorists in the right direction with Enforcer Right Lane Must Turn Right Sign 450x750mm Aluminium featuring a bold RIGHT LANE MUST TURN RIGHT text against a white background with black border. The highly recognisable shape and design ensures motorists will drive accordingly. Suitable for use by construction companies, councils, businesses and for use in public venues that require safe flow of traffic. Adequate signage will improve workplace safety by ensuring traffic flow is predictable and organised.

The distinctive design heightens motorists awareness of the upcoming traffic condition and allows them time to merge before a right a turn.

Features

- Adequate signage will improve workplace safety by ensuring traffic flow is predictable and organised.
- Suitable for use by construction companies, councils, businesses and for use in public venues that require safe flow of traffic.
- The highly recognisable shape and design ensures motorists will drive accordingly.
- Made from durable aluminium to withstand and perform in Australian weather conditions, this sign resists corrosion.
