

Horizontal Railing Base / Horizontal Side Support

ER246

Description

The Horizontal Railing Base / Horizontal Side Support for Enforcer Rail is engineered to provide strong, reliable support for horizontal rail systems in high-traffic environments. Designed for safety, access control, and asset protection, this component ensures secure rail installation across car parks, warehouses, and commercial spaces. Built for durability and ease of use, it's ideal for professional-grade safety applications.

Features

- Manufactured from Hot Dipped Galvanised Steel for superior strength and durability.
- Surface-mounted design for quick and easy installation.
- Pre-drilled fixing points simplify setup and reduce installation time.

Specifications

SKU	ER246
Diameter	50 mm
Length	145 mm
Width	65 mm
Height	90 mm
Thickness	5 mm
Weight	1.02 kg
Material	Hot Dipped Galvanised Steel
Warranty	12 Months
