

# End Stanchion (Rise) w/ Rail Mount Fixing Plate - 45deg - Gal/ Yellow

## ERK-EP-RM-4-G

### Description

Enforcer Rails End Stanchion with Rail Mount Base Fixing Plate 45deg is designed to be a versatile and effective barrier solution for enhancing asset protection and workplace safety. Constructed from high-quality galvanised steel for strength and durability, it is designed to withstand the demands of commercial and industrial environments ensuring worker safety and asset protection. Perfect for construction sites and industrial facilities where robust and reliable equipment is paramount in your workplace health and safety strategy.

Our stanchion is designed to perform indoors and outdoors without compromising on strength and performance. The durable galvanised steel construction resists weather damage and corrosion. The 45deg rail mount fixing plate suits various safety projects.
