

# End Stanchion (Fall) w/ Rail Mount Fixing Plate - 45deg - Gal/ Yellow

## ERK-RM-EP-4F-G

### Description

Enforcer Rails End Stanchion with Rail Mount Fixing Plate 45deg, known as the fall stanchion, is built from galvanised steel for strength and durability. It comes preassembled making DIY installation quick and stress-free. The precision engineered stanchion offers a 45deg angle for diverse railing projects like roof fall protection to protect workers from accidents at heights, industrial walkways and building maintenance for maintenance tasks involving height to ensure workplace safety.

Our stanchion is designed to perform indoors and outdoors without compromising on strength and performance. The durable galvanised steel construction resists weather related damage and corrosion. It can be used for various projects in industrial, commercial and residential settings to enhance the safety and aesthetic of your environment.
