

# End Stanchion (Fall) w/ Rail Mount Fixing Plate - 11-30deg - Gal/Yellow

## ERK-RM-EP-2F-G

### Description

Enforcer Rails End Stanchion with Rail Mount Fixing Plate 11-30deg is also known as the fall stanchion. It comes preassembled for swift deployment and offers angles ranging from 11-30deg for a variety of diverse applications. The galvanised steel construction ensures performance and longevity indoors and outdoors, making our end stanchion a reliable choice for your home or business. Additionally, it comes with a rail mount fixing plate to ensure easy installation of railings. It can be used for rooftop safety railings where the adjustable angles can cater to varied roof layouts.

It can also be used to secure your outdoor deck railings at home and to guide foot traffic for public pedestrian walkways or industrial walkways to enhance workplace safety. The galvanised steel construction ensures our end stanchion can perform indoors and outdoors in any weather without compromising the structural integrity or professional aesthetic of the product
