

Pedestrian Bicycle Handrail Rail Yellow 1200mm

PHR-IG-Y1200

Description

The Enforcer Pedestrian & Bicycle Safety Rail (Yellow, 1200mm) is specifically designed to enhance safety by clearly defining pedestrian pathways and bicycle zones. Crafted from robust galvanised steel and powder-coated in high-visibility yellow, this rail offers excellent durability and long-term corrosion resistance suitable for both indoor and outdoor use.

Reflective red and white safety stickers ensure maximum visibility at all times, significantly reducing risks and promoting safer pedestrian and cyclist environments. Featuring a sturdy in-ground installation, this rail provides stable, secure protection ideal for commercial, industrial, and public locations.

Features

- Made of high-quality galvanised steel pipe with durable powder-coated yellow finish.
- Bright yellow colour combined with reflective red and white stickers enhances visibility.
- Securely installed in-ground offering reliable stability and protection in high-traffic areas.
