

Pedestrian Bicycle Holding Rail - In Ground

PHR-IG-Y800

Description

Enforcer Pedestrian Bicycle Holding Rail is the perfect solution to safely storing bikes securely.

Made from galvanised steel and powder coated in safety yellow, this bicycle rail is designed to last outdoors in Australian weather. The yellow powder coating and luminous red bands ensure your bicycles will be seen, reducing risk of impacts and damage from vehicles. The in-ground design further adds to the strength and durability of the rail.
