

# Pedestrian Bicycle Handrail Yellow with Sleeve 1200mm

## PHR-IGS-Y1200

### Description

The Enforcer Pedestrian & Bicycle Handrail (Yellow, 1200mm with Sleeve) offers robust safety and high-visibility protection designed specifically to safeguard pedestrians and cyclists. Constructed from high-quality galvanised steel with a durable powder-coated yellow finish, this handrail provides exceptional corrosion resistance and durability, making it suitable for harsh Australian weather conditions. Featuring reflective red and white safety tape, it significantly enhances visibility both day and night, clearly defining pedestrian paths and cycling routes. Supplied with a secure, galvanised in-ground sleeve, installation is quick and stable, offering long-lasting, dependable safety in industrial, commercial, or public spaces.

### Features

- Made from heavy-duty galvanised steel with a powder-coated yellow finish.
- High visible bright safety yellow with reflective red and white tape.
- Secure In-Ground Installation.
- Provides clear separation and protective guidance for pedestrians and cyclists.
