

PRODUCT SPECS

Product Code: PKR-1300-Y

Length: 1300mm

Width: 700mm

Curb Height: 50 - 200mm

Weight: 11kg

Finish: Yellow Plastic PE with Steel backing for support

PORTABLE KERB RAMP HEAVY DUTY - 1300MM YELLOW

- Made from a yellow plastic Polyethylene (PE)
- This ramp has steel backing for extra support
- Withstand heavy loads and suitable for frequent use
- Can support kerb heights up to 50-200mm
- Provided with unique pattern for anti-slip

The yellow portable kerb ramp is designed to make it easy for wheelchairs, carts and hand trucks to navigate over curbs and raised surfaces.

Made from durable materials, finished with yellow plastic PE and a steel backside for extra support, this ramp can support heavy loads and is able to withstand frequent use.

The bright yellow color makes it highly visible, ensuring that it's easy to spot and avoid potential hazards and the portable design allows for easy transportation and storage, making it a convenient solution for temporary or mobile use.

It is perfect for temporary use at construction sites, warehouses, loading docks and where public access is needed, also for other commercial or industrial locations where equipment needs to access raised surfaces.
