

Portable Kerb Ramp - 1300mm Yellow

PKR-1300-Y

Description

Enforcer Portable Kerb Ramp Heavy Duty 1300mm Yellow is packed with safety features to ensure safe access of wheelchairs, carts, and hand tracks to cross raised surfaces and steps. The strong and lightweight design makes this the perfect safety solution for quick use on the go. Perfect for when equipment needs to access a raised surface like loading docks, warehouses and worksites.

Manufactured from strong polyethylene(PE) and reinforced with a strong steel backing, the kerb is also safety yellow to increase visibility and awareness. The anti-slip patterned surface provides further reassurance for users.

Features

- Made from a yellow plastic Polyethylene(PE).
- This ramp has steel backing for extra support.
- Withstand heavy loads and suitable for frequent use.
- Can support kerb height up to 50-200mm.
- Provided with unique pattern for anti-slip.
