

Retractable Belt Barrier Bollard - Red Post, Red/White 2-Post Set

RB-R-RW-2PC

Description

The Enforcer Retractable Belt Barrier Bollard Set (Red Post, Red/White Belt) is a versatile, high-visibility solution for managing pedestrian flow, restricting access, and enhancing safety in various environments. Designed for quick deployment and flexible area management, this set includes two durable red bollards, each fitted with a high-contrast red and white retractable belt, ensuring clear, immediate visibility.

Whether used in warehouses, construction sites, retail spaces, public venues, or transportation hubs, these bollards effectively guide foot traffic and cordon off restricted areas. Built for stability, portability, and durability, they provide a long-term solution for dynamic safety and crowd control needs.

Features

- High visible red post.
- 3 Metre red/white retractable belt.
- Rotation lock design.
- Suited to use for crowd management.
- Easy to install.
