

Retractable Belt Barrier Bollard - Stainless Steel Post, Red Belt

RB-SS-R-2PC

Description

The Enforcer Retractable Belt Barrier Bollard Set (Stainless Steel Post, Red Belt) is a premium, high-quality pedestrian control solution designed for queue management, restricted access areas, and crowd guidance in commercial, industrial, and public spaces. Featuring two sleek stainless steel bollards, each fitted with a durable red retractable belt, this set provides a modern, professional look while maintaining high visibility and effective crowd control.

The corrosion-resistant stainless steel construction ensures long-lasting durability, making it suitable for indoor and outdoor environments. With a stable base, heavy-duty build, and an easy-to-use retractable belt system, this bollard set is ideal for retail spaces, airports, event venues, warehouses, and corporate offices.

Features

- Made from stainless steel.
- High quality 2 metre red nylon belt.
- Durable self locking clips.
- Suited for crowd management.
